Dear Kevin and Jonathan,

We really must apologize for our tardiness in sending you this long overdue letter of thanks. That said, we cannot thank you enough for the truly exceptional and professional service you provided to us when we sold our North Arlington home. You both went above and beyond the call; providing interior design advice for staging, installing outside lighting, even cleaning windows and rescuing me when I inadvertently locked myself out one Saturday morning! Your cheerful and enthusiastic support made us feel that we were in a real partnership. We also were delighted to receive your framed drawing of our former home, which now hangs in a place of honor in our new home and brings fond memories each time we pass it. Thank you so much for this lovely gift.

You told us that what you do is "sell houses" and you were right. Despite the fact that we chose the absolutely worst time to sell a home in years, you both remained optimistic, focused and committed to ensuring that we would get the best price. When we started to worry, you were both right there with the solid advice and competence that only comes with experience. We trusted you and put ourselves in your hands and you both delivered 110%. We needed to sell as quickly as possible and you helped us to determine the right asking price, which even generated a bidding war, increasing the final cost. Since we had moved to Massachusetts prior to the final sale, you even facilitated the closing in our absence, saving us a trip to Virginia.

Please accept our sincere thanks for all you did to help us. You both have our highest recommendation and we will be delighted to share our experience with any potential clients. Please feel free to share this letter with anyone you choose. Feel free to contact us if we can ever be of assistance to you, and if you find yourselves in the Boston area please allow us to show you the sights.

Best regards,

Dennis and Marcia Wilson
