Dear Mary Lou:

Last year I purchased my first home using a Real Estate Agent from your office, Kevin Love. I was unsure at the time exactly what type of home I wanted, and the location that I wished to live. Kevin was extremely helpful with both advice and suggestions regarding the Northern Virginia area, and took the time to show me the various options that I had. Kevin was extremely responsive to my calls, and kept a keen eye out for property that I was interested in. When a property first appeared on the market that met my criteria Kevin was quick to inform me of its availability, and took the time to show me the property right away. The result is that I have purchased a home that I am extremely happy with. thanks to Kevin.

In addition, everyone in the Prudential Preferred Property McLean office was always extremely pleasant and helpful when I was there, or when I asked any questions. For my next home acquisition I will certainly turn to Prudential Preferred Properties, and Kevin Love in particular.

Sincerely,

Richard MacDonald, Jr.
